DHSS Trauma Disaster Preparedness Simulation-Based Training

June 8 & 9, 2012, 8:00 a.m. – 5:00 p.m.

**Northwest Technical School
1515 South Munn
Maryville, MO 64468**

Course Description

Department of Health and Senior Services, and University of Missouri-Columbia, and Shelden Clinical Simulation Center are conducting training for pre-hospital and hospital healthcare providers (trauma or non-trauma) to build capacity for multiple/mass casualty event management. The course focus is to bridge theory and practice between day-to-day trauma practice and trauma care in multiple/mass casualty events. Simulation-based training will address multiple/mass casualty preparedness, and explore day to day trauma practice and trauma care in altered settings and austere environments.

Focus Areas

- Trauma & preparedness curriculum adapted from C-STARS :
- Trauma skill labs
- Simulation Mannequins
- SMART/START triage
- Multiple/Mass Casualty Simulation Exercise

Objectives

- Trauma team building and maintenance
- Team function and roles
- Principles of triage, patient management and resource allocation
- Trauma skills
- Principles of disaster management

Target Participants

All nurses, physicians, EMTs and Paramedics who are trauma or non-trauma providers.

Sponsors

- Training is supported by: Department of Health and Senior Services, Missouri Office of Homeland Security, University of Missouri-Columbia, St. Louis University C-STARS, Missouri Emergency Nurses Association.

Registration

- A \$25 registration fee to be submitted on day one of the training is required. The registration fee will cover course materials, certification, and lunch.
- Space is limited to first 21 participants that register.
- Complete attached registration form and submit to Dena Higbee at higbeed@health.missouri.edu.
